Subject: FW: Start date of K-series study - update

Importance: High

FYI. K-Series Inhalation Study to start on April 30, rather than April 16.
Dave please modify schedule to account for new study start date and report date.
Thanks.

Subject: Start date of K-series study - update
Importance: High

Dear All,

Ewald Roemer asked me to communicate to you all that the new K-series study will start on 30 April 2003. An agreement for this date was reached during today's staff meeting.

Kind regards,
Patrick
